FINISHING ZIPPER POUCH:

Choose between Zipper Finish and Button Loop Finish:

FINISH POUCH WITH BUTTON LOOP:

Step 1: Place the inner liner inside of the outer pouch and pull it down so that the last round of both parts are lined up at the top edges.

Step 2: Join yarn at the middle stitch of one side of the pouch. Ch 1, work in the BLO of the outer pouch and the FLO of the inner liner, sl st in each st around, ch 12 to form the button loop, sl st in 1st st to join. FO and weave in ends.

Step 3: Sew a 1” button on the opposite side from the loop. See photos below.

FINISH POUCH WITH ZIPPER CLOSURE:

Step 1: Place inner liner inside of outer pouch so that the final row of each line up at the top.
Step 2: Fold down the top of the outer pouch slightly. Unzip zipper and place one side against the one side of the inner liner so that the zipper opening lines up with the inner liner and pin in place, repeat for the other side. It's easiest to position on just the inner first.
Step 3: Bring the outer pouch back up and pin the zipper sandwiched in between the 2.
Step 4: With needle and thread (cut thread 2.5 - 3 times the length of zipper pouch), sew from inside out, beginning at either end of the pouch. Use a running stitch to go through inner liner, zipper, and outer pouch with each stitch, inside to outside, then outside to inside. I place my stitches just under the top loops of the final row for both parts of the pouch, and about .25 - .5 an inch below the zipper portion.
Step 5: Keep working all the way around the top edge of the pouch, taking care in the two ends to keep the zipper tape down, and I cross the pieces for extra security.
Step 6: Knot off the ends of the thread inside the inner liner once finished, trim and conceal the ends between the 2 layers. Congrats you are finished! See photos below.

SPECIAL STITCHES and TECHNIQUES:

Crocheting in 3rd Loop:

The 3rd loop is found on the wrong side, just below the working loops or 1st and 2nd loop of an hdc. Turn the working (1st & 2nd) loops toward you, then a little further so you can see the wrong side of the last row. Find the loop just past the 2nd loop, this is the 3rd loop you will be working your stitches into. Work your stitches just as you would in the 1st and 2nd loops. Hdc in the 3rd loop is pictured below. You will end up with a ridge on the right side of your work, formed by the 1st and 2nd loops.
